CONTINUING MEDICAL EDUCATION

A total of fifty (50) credit hours of CMEs are required at initial appointment for those who are not recent graduates. Seventy-five percent must be in your specialty. You may meet this requirement by attending a CME class (online or in person), Ground Rounds, meetings with approved CME hours, or by reading journal articles with approved CMEs.

Provider's Printed Name: _____

CME MUST BE COMPLETED WITHIN THE LAST TWO YEARS

I have attached documentation for the following CME's:
