Francoise C. Dunefsky has been selected by The Kingston Hospital Foundation as the 2010 Tulip Ball Honoree. Nuise Bhitiyakul will receive the Lifetime Achievement Award.

Dunefsky became a part of The Kingston Hospital Family when she was hired on short notice as a staff nurse in June 1973. After 30 years as a hospital employee she had held positions that included head nurse, infection control nurse, assistant and associate director of nursing, assistant administrator and vice president. After leaving The Kingston Hospital in 2003 she returned as a board member of The Kingston Hospital Foundation. Beginning in 1988, Dunefsky held Adjunct Faculty positions in nursing for the next 20 years teaching both undergraduate and graduate courses at SUNY-New Paltz and Mount St. Mary College. She is currently President and CEO of Gateway Community Industries, Inc.

Bhitiyakul's list of accomplishments include becoming the first woman member of the local Rotary Club in 1988. Nuise is a certified registered nurse. She has served in executive positions with the auxiliaries of both the Benedictine Hospital and The Kingston Hospital in addition to serving nine years on The Kingston Hospital Foundation Board of Directors. The Tulip Ball will take place on April 24th at 6:00 pm at Wiltwyck Golf Club in Kingston. Call (845) 334-2760 for more information.

Update From HealthAlliance President & CEO

David W. Lundquist

Dear Colleagues and Friends of The Kingston Hospital,

It has been one year since HealthAlliance became an active parent organization, and we have made great strides in the healthcare services offered at our hospitals. Last November, The Kingston Hospital Employee Recognition dinner was held and over 60 individuals were recognized with service awards. Congratulations to each and every one of these employees and thank you for being part of a team that has a positive attitude. Your helpful demeanor is key to making a difference in treating our patients with care and compassion.

At various leadership and employee meetings, I focus on the TPA philosophy. Having an enthusiastic and positive ATTITUDE is what enables the TEAM and the PLAN to succeed. Each aspect has a direct correlation to the other. Each hospital employee is making a difference in the lives of thousands of local residents and visitors with this philosophy.

I would like to take this opportunity to extend my sincere appreciation to our staff, board members, physicians and clinicians for their continued commitment and hard work as we strive to achieve our goal in making HealthAlliance of the Hudson Valley® the leader in health care throughout our communities.

Sincerely,
David W. Lundquist

R to L: Scott Peters, RN; Kim Robinson, RN; Rondine Cattell, RN; Joshua Trutt, MD; Dragos Haseganu, CIM are members of the emergency department staff.

THE HEALTHALLIANCE EMERGENCY DEPARTMENT AT THE KINGSTON HOSPITAL

The Emergency Department is staffed by the EMA (Emergency Medical Associates) Physicians, Physicians Assistants and Nurse Practitioners. The Physicians are all Board Certified in Emergency Medicine. EMA staffs many other hospital systems in Northern New Jersey and New York State. The website for this dynamic team is: <http://www.ema-ed.com>.

The new Emergency Department boasts state of the art patient care rooms with advanced monitoring

equipment in private rooms. The rooms are designed to provide noise reduction with glass doors, direct visibility with the clinical team, centralized vital sign monitoring, and a space that is conducive to advanced medical stabilization and care.

The new Emergency Department at The Kingston Hospital will have a total capacity for 35 patients at a time. Staffing will be commensurate with the trend-monitored patient volume and peak presentation times. The

staff consists of nurses who maintain certifications in Advanced Cardiac Life Support, Pediatric Advanced Life Support, Trauma Care and Emergency Nursing. In addition, the clinical care team includes Specialty Care Technicians, Clerks and Registrars.

Sandy Horan, RN, Vice President of Ancillary Services, tours the new fast track emergency department area.

Available soon...the most advanced CT Scanner in the Hudson Valley. Staff members include (l. to r.) Felicia Dominguez, CT Tech Aide, Thomas O'Neill, CT Techologist, and Gino Vetrano, Chief CT Technologist.

Chest Pain Center

Located at The Kingston Hospital
Emergency Room

The Chest Pain Center located within the new state-of-the-art Emergency Room at The Kingston Hospital, is the **ONLY** accredited Chest Pain Center in the Hudson Valley.

Our expert team is here to help you.

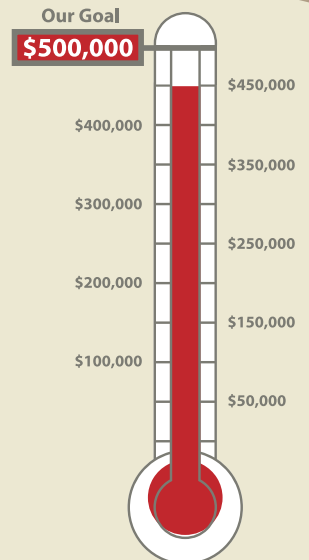

- Immediate medical evaluation for patients with chest pain or discomfort by a board-certified emergency medicine physician in association with our expert cardiology team.
- Advanced testing to quickly identify the cause of your chest pain or discomfort.

If You're Experiencing Chest Pain, Call 911

A New E.R.

**For You.
For the Community.
For the Region.**

We're expanding to better serve the community. The new 13,000 square foot Emergency Department includes 15 additional exam rooms, two new triage rooms, two isolation rooms, a cardiac room, a new waiting area and a new main lobby. More capacity means shorter wait times for our patients.

Dear Friends and Family Members,

As I walk the halls of The Kingston Hospital and see the prominent giving walls and plaques throughout the hospital, I am struck by the hundreds of people who help support this hospital each year. Each and every donation makes a difference to improving the quality of care for Ulster County residents and visiting friends and family. In this spring issue of Healthy Visions, we want to express our gratitude to our contributors. The Family Birth Place Committee has worked diligently to set up a new giving program that includes the Tree of Life located at the entrance to the new maternity center. All new parents and grandparents can support the maternity center with the purchase of a leaf.

The Honor and Memorial Gallery in the new emergency department area is a tribute to many of our loyal supporters and their family members. And the employee recognition wall in the cafeteria is the Foundation's way of saying "thank you" to employees who support the Kingston Hospital's health care services.

On behalf of the Foundation's Board of Directors, I would like to thank all our donors and we are pleased to present a full listing of our contributors on the Foundation's website: www.FoundationUpdate.org.

Sincerely,
Thomas Collins, Chair
