

Kathleen Mami-Moore joins foundation board of directors

Margaretville — Kathy Mami-Moore has been appointed to the Margaretville Health Foundation Board of Directors.

Kathy is well-known in the area as Chief of Staff to Assemblyman Clifford W. Crouch. She grew up in Arkville and graduated from Margaretville Central School and has been an advocate for this area during her time with Assemblyman Crouch. She is proud of having been chosen the Keene Roadman Hospital Citizen of the Year in 2006 for her help and support of the Margaretville Hospital.

Kathy is also on the board of the Orpheus Theater and a Councilwoman for the Town of Davenport. She and her husband Jeff reside near Davenport.

In making the announcement, Heather Brighton, chair of the Foundation's Board of Directors said, "We are thrilled to have Kathy join our board. She will be an invaluable asset to the foundation since she grew up in the area and has many close ties to the hospital and Mountainside. I look forward to working with her."

The mission and vision of the Margaretville Health Foundation is to support the

needs of Margaretville Hospital and Mountainside Residential Care Center by building a strong and dynamic endowment through tax-deductible gifts, transfers of securities, bequests through wills, trusts and matching grants. "Planned giving will ensure the continuation of the hospital and nursing home" said Ms. Brighton.

"Every dollar we raise stays in Margaretville and directly supports the hospital and nursing home. I hope the residents who depend on the services offered will continue to support the hospital and its commitment to the community," she added.
