ADVANCING CARE. HERE.
The Oncology Support Program looks forward to sharing 2022 with our dear community. Since 1994, OSP has been here to support you from diagnosis through survivorship. Our cancer support groups, healing arts and wellness classes and our educational programs are available to help you stay informed and connected during an experience that can be isolating, confusing and challenging. We try to ensure that there is individual and group support, both tangible and emotional, for every person dealing with cancer.

We are so grateful to live in such a generous area – special thanks to all who brought food and joy to our program members during the holiday season. Thank you to our dedicated Nurturing Neighbors and volunteers who extend the hands of OSP staff and add an invaluable dimension to our program. Many of you know what it is like to face the fears and uncertainties of a cancer diagnosis and have chosen to help others in powerful and meaningful ways. For that, we are so appreciative.

We are sad to see Jennifer Halpern leave our staff but wish her the best as she takes a position teaching at Fordham University’s Social Work Program. I’m sure that the connections she made through OSP will inform her future work and inspire her for years to come. Thank you, Jenn, for your dedication over the last seven years.

We look forward to sharing the next few months with you. OSP continues to follow New York State guidelines regarding COVID. Although the Reuner Cancer Support House remains open, our programs can still be accessed virtually so that they remain accessible. So let’s stay safe and stay connected.

— Warmly, Ellen Marshall, MS., LCSW-R, OSW-C, Director of the Oncology Support Program

Best Wishes to Jennifer Halpern

It has been such a privilege to walk with so many of you through the cancer landscape these past 7 years (or 8, if we count my year volunteering before joining the OSP staff). Thank you for trusting me with your intimate stories, joys, fears, symptoms and personal chaos whether in the hospital, in the Reuner House, or online, individually and in the Caregiver and Women’s (and some other) groups!

Some of you may know that I am a certified palliative care social worker. It has been my honor to advocate for expanded opportunities for your care and for OSP through participation on the hospital’s Ethics Committee, Cancer Committee, and Palliative Care Committee.

The pandemic has been a time of change for so many of you, and so it has been for me. I have been teaching palliative care social work continuing education courses online throughout the pandemic. Now online courses are becoming standard for graduate programs, and I will be teaching master’s students through Fordham’s Social Work online program. I hope to continue to make a difference in patients’ and caregivers’ lives by training the next generation of social workers to listen with curiosity, compassion and humility and to advocate on your behalf. — Jennifer

Are you interested in a joining a Cancer Survivorship Group for Women?

OSP is aware that people who have completed treatment need continued support to address the unique concerns of cancer survivorship. In the best of circumstances, we have been connected to professional and personal supports during our cancer treatment. But where do we go for support and connection once treatment ends? How do we deal with the emotional, physical, financial and social toll of cancer? How do we move from surviving to thriving?

Mare Berman, LCSW-R, completed her own cancer treatment and is offering to facilitate a group that addresses the concerns of women cancer survivors. She will provide a safe and compassionate setting as we sister one another during this phase of the cancer journey.

If you are interested in joining a Survivorship Group, please call: (845) 339-2071 or email: oncology.support@hahv.org

To register, please contact OSP at ext. 100 or email: oncology.support@hahv.org

Finding Meaning and Purpose—
facilitated by Barbara Sarah, Social Worker and OSP Founder
For 25 years, since fit was founded by Barbara Sarah, the Oncology Support Program has helped people with cancer live lives of meaning and purpose while also benefiting others.
Barbara will meet with people individually or in a small group to explore their Ikigai (ee-key-guy), a Japanese concept that combines the terms iki, meaning “alive” or “life,” and gai, meaning “benefit” or “worth.” When combined, these terms translate into, “that which gives your life worth, meaning or purpose – your unique reason for getting up in the morning.”
If you have been affected by cancer and would like to schedule a meeting with Barbara, please call OSP at ext. 100 or email oncology.support@hahv.org.

Men’s Cancer Support Group,
facilitated by James Askin, LMSW
1st Wednesdays, Jan. 5, Feb. 2, Mar. 2 & Apr. 6
6:00-7:00 p.m.
A supportive, confidential setting for men who have been diagnosed with any type of cancer.
Please contact OSP at ext. 103.

Caregivers’ Support Group,
facilitated by Catherine Gleason, PhD, LMSW
3rd Wednesdays, Jan. 19, Feb. 16, Mar. 16 & Apr. 20,
5:00-6:30 p.m.
Mutual support for the unique challenges of caregiving a loved one with cancer. Individual support also available.
Please contact OSP at ext.100.

Younger Women’s Support Group,

Inpatient Palliative Care Support

If you or your loved one is in the hospital and suffering with distress or pain, ask your nurse for a palliative care consult. Dr. Maggie Carpenter is available for palliative care consults in the hospital setting. OSP certified palliative care and oncology social workers can also be consulted to help you learn ways to manage your symptoms through integrative techniques, help you communicate your needs and wishes to the medical staff and/or assist you in connecting with a palliative care physician in the community upon discharge.

Outpatient Community-Based Palliative Care

Community-based palliative care is appropriate for patients with serious or life-limiting illnesses, no matter their prognosis. This type of care focuses on providing relief from the symptoms and stress of the illness, with the goal of improving quality of life for the patient and the family. Palliative care can be provided at the same time as curative and aggressive treatment at any stage of illness.

 Choices & Wishes: Advance Care Planning Workshop

Thursday, April 14, 5:00-7:00 p.m.
Facilitated by Elise Lark, PhD, LCSW, OSW-C, APHSW-C

This Advance Care Planning workshop will provide an overview of the Health Care Proxy, Living Will and MOLST documents and will help you to define your end-of-life wishes regarding medical treatment. Participants engage in discussions based on reflective questions, review guidelines and considerations for choosing a health care agent and explore and troubleshoot concerns that may be a barrier to completing documents.

For further information and registration, please contact Elise Lark at (845) 339-2071 ext. 102 or email elise.lark@hahv.org

If you are unable to attend the workshop or need additional assistance, you are welcome to make an appointment to meet with an OSP Social Worker to get the support you need to complete any of these documents.

Loss and Bereavement Support Group

2nd Wednesdays, Jan. 12, Feb. 9, Mar. 9 & Apr. 13, 10:00-11:30 a.m.
Facilitated by Mare Berman, LCSW-R

Grief is often many-layered. You may have experienced the death of a parent, a partner, a child or friend from illness. Other losses may be stirred up as we grieve. Through guided meditation, mindfulness, sensory awareness exercises and discussion, we will explore, share and process our unique loss stories in a non-judgmental environment that supports our healing.

To register, please call (845) 339-2071 at ext. 100 or email: oncology.support@hahv.org

Special Creative Arts Program — “Everyone Can Draw” with Chris Parrow
Everyone can draw but most of us stop drawing at about age 12 and then convince ourselves that we can’t, or can ‘only draw stick figures.’ In this two part workshop, we’ll learn to loosen up and jump start our drawing practice.

Session 1: Tuesday, Feb. 22, 1-3:00 p.m.
In the first drawing session we will cover some basic exercises and techniques to learn to see and evaluate subject matter. Line, shape, value, space will be covered as we work on letting go of self judgement.

Session 2: Tuesday, March 1, 1-3:00 p.m.
In this session, we will set up and draw a still life arrangement. Using gesture line, composition and shading, we will create a well developed, dynamic, realistic drawing and be on the way to more drawing for fun and relaxation.

Chris Parrow received a BFA in ceramics and art from SUNY New Paltz, is currently a studio potter and teaches drawing and design at SUNY Sullivan, as well as watercolor workshops at local schools and libraries.

Supplies needed:
9x12 drawing paper sketchbook, (spiral bound is best) graphite pencil or set of 4-6 pencils, erasure, either mars plastic, gum or kneaded, 12" ruler or straight edge.

This workshop will be held virtually.
For more information and or to join the group, please contact OSP at (845) 339-2071 or email: oncology.support@hahv.org

For many years, David Levy comforted our hospital patients with the sound of his transcendent music. "Since COVID began, I have been visiting our local swimming hole, a lovely creek in the woods, with a fascinating rock foundation bed under the water. This place has become my ‘temple under the sky.’" David has created short videos of flowing creek waters, flute music, recorded sounds of nature, and recited poems. He is offering these to people connected with the Oncology Support Program. Below is the link which can be viewed on a smartphone or larger screen.

OSP’s Linda Young Ovarian Cancer Support Program is committed to educating the community about early detection of ovarian cancer.

**Know the symptoms:**
- Bloating
- Pelvic or abdominal pain
- Difficulty eating or feeling full quickly
- Urinary symptoms (urgency or frequency)

Other symptoms may include: fatigue, indigestion, back pain, constipation, pain with intercourse, menstrual irregularities.

**Know what to do:**
If you have these symptoms almost daily for more than two weeks or have symptoms that are unusual for your body, see your gynecologist. Experts recommend a pelvic/rectal exam, a CA-125 blood test and a transvaginal ultrasound. If ovarian cancer is suspected, seek out a gynecologic oncologist.

Conversations with a Stage 4 Cancer Survivor, Wed., January 12, 2021, 5:30-6:30 p.m.
Join us for a live conversation with Isolde Arzt and hear her amazing story of how she was diagnosed with Melanoma during an accident which ultimately saved her life. She’ll share valuable tips that she learned while advocating for herself.

Isolde Arzt was diagnosed with Stage 4 Metastatic Melanoma in 2017. She was an early recipient of immunotherapy and is now 4.5 years tumor-free. Isolde is using her healing success to advocate for patients globally. She is a volunteer ImmunoAdvocate for The Cancer Research Institute and was chosen to share her story at the Cancer Research Institute Immunotherapy Summit Patient Panel at MD Anderson Medical Center. She created the Immune Foundation to help raise funds for Melanoma patients and improve their access to immunotherapy. For more information about Isolde, go to: https://www.cancerresearch.org/patients/immunocommunity/featured-stories/isoldea

Navigating your Cancer Journey, Wed., February 9, 5:30-6:30 p.m
A cancer diagnosis is never easy. Puja Thomson found that the pressure of decision making, dealing with billing, insurance and record-keeping while trying to understand new medical terminology added stress to her cancer experience. To empower you to move through these challenges more confidently and take charge of your healing journey, Puja A.J. Thomson will share insights from her integrative health books: AFTER SHOCK: From Cancer Diagnosis to Healing – a step-by-step guide to navigate your way (2021, Second Revision), My Hope & Focus Cancer Organizer and TRACK YOUR TRUTH- Discover your Authentic self (2018).

Puja A. J. Thomson draws from her personal experience of cancer and her training and skills as a health care professional, transformational therapist, interfaith minister, and workshop leader. Born and educated in Scotland, she is the director of ROOTS & WINGS in the Mid-Hudson Valley of NY.

Integrative Oncology with Dr. Heidi Puc, Wed., March 9, 5:30-6:30 p.m.
Dr. Puc founded Integrative Medicine of Central New York where she offers consultations on how natural remedies can merge with the conventional, in either the adjuvant (curative) or advanced cancer setting. Dr. Puc focuses on strengthening the patient’s “terrain,” namely the support structure and components of the body dealing with cancer (including the immune system, detoxification system, mitochondrial function, gut microbiome, antioxidant and anti-inflammatory potential, and nutrient levels).

Heidi S. Puc MD, FACP, ABIHM, is a board-certified hematologist and medical oncologist with over 20 years of clinical experience after having completed fellowship training at Memorial Sloan Kettering Cancer Center. She received specialty training in Integrative Medicine through the Scripps Clinic in California and also completed a two-year fellowship program run by Dr. Andrew Weil at the University of Arizona. She is a Fellow of the American College of Physicians, a Diplomate of the American Board of Integrative Holistic Medicine, and a member of the American Society of Clinical Oncology and the Society for Integrative Oncology.

For more information about Dr. Puc, go to: https://www.imofcny.com/

“Everything is Energy” with Sue Van Hook, Wed., April 13, 5:30-6:30 p.m
Discover how maintaining a high vibrational energy flow using the breath, your own healing hands and plant essential oils influences the healing process. Sue will teach the Self-Chakra Connection HT technique and how tuning into the energetic centers of the body promotes the relaxation response and a cascade of positive changes at the physical, mental, emotional and spiritual levels.

Sue Van Hook has thrived for 23 years since a diagnosis of stage 3 breast cancer. She has worked with several hundred clients in her Haut Terrain higher ground natural healing practice over the past fifteen years. Sue relies on her training in Healing Touch, plant essential oils, craniosacral therapy, and active dream work to help guide clients along their healing journeys.

Creative Spring Cooking with Bettina Zumdick

Part 1, Tuesday, March 29 at 11:30 a.m. & Part 2, Tuesday, April 26 11:30 a.m.

As winter moves toward spring, we gradually adapt our food choices for warmer days. By March, we start to crave garden fresh greens. These classes will help us prepare fresh, healthy and lighter foods for warming temperatures. Bettina will narrate as she prepares the meal with opportunity for question and answers during and after the cooking class.

Please register early and confirm your intention to attend prior to the class session.

Bettina Zumdick is a chef, teacher, counselor and author who has integrated modern knowledge of the West with the wisdom of the East. With a strong background in Food Science and Nutrition from Wilhelm’s University in Munster, Germany, she has shared her knowledge of food medicine for over 30 years. She is a co-director of Planetary Health, an educational not-for-profit that offers weekend retreats and an annual conference. Nurturing Neighborhood Network

Are you facing a cancer diagnosis? Would you benefit from one-on-one support from someone who’s been through it?

You might like to be matched with a Nurturing Neighbor, a local volunteer and cancer survivor trained through OSP to offer peer support.

For further information on linking with a Nurturing Neighbor or becoming one yourself, please contact OSP at (845) 339-2071 at ext. 100 or email: oncology.support@hahv.org

Financially Support the Oncology Program All Year Round!

At the Oncology Support program, our services are free or available at a very low fee. This is possible thanks to the support of WMC/HealthAlliance as well as donations from the community. Your donations also enable us to provide emergency financial assistance to those in need. Please help us continue to support people affected by cancer by making a tax-deductible donation to OSP or the Linda Young Ovarian Cancer Support Program.

Your donation will be acknowledged in the next edition of Celebrate Life! You can donate electronically by visiting: https://www.foundationupdate.org/donate/oncologysupportprogram/
or... Make checks payable to: The HealthAlliance Foundation (Indicate OSP or LY in memo)
Mail check to: Oncology Support Program, 105 Mary’s Ave. Kingston, NY 12401
