ADVANCING CARE. HERE.
Greetings!

I would like to acknowledge some of the wonderful changes at the Oncology Support Program and at our hospital at large. The renovation of the Mary’s Ave. campus has been going strong and we look forward to a time when our medical services will be moving to an updated HealthAlliance Hospital across the street from our Reuner Cancer Support House on Mary’s Ave. As those changes are occurring, we also welcome two new medical social workers who will join the staff of OSP – Dominique Paris and James Askin. We look forward to having them as part of our team!

As always, I want to thank all the volunteers who continue to keep our program alive and thriving. It was wonderful seeing so many of you at our inspiring annual cancer survivors event in June and we look forward to seeing you in person or virtually at our many support groups and programs occurring this autumn and winter.

Please check out this newsletter for information about our varied offerings and about other resources that may be helpful to you. We are here to support you and connect you with peers as you move through the cancer continuum — from the point of diagnosis through survivorship or end of life. It is always our honor and privilege to be a part of your journey.

— Look forward to staying connected,

Ellen Marshall, MS., LCSW-R, OSW-C, Director of the Oncology Support Program

**James Askin**

I’m very happy to be returning to OSP as a Medical Social Worker. My time at OSP in 2020 as a Fordham Palliative Care Fellow was the highlight of my social work education. Although I have stayed connected since then as facilitator of the Men’s Cancer Support Group, I look forward to re-engaging with the OSP community at large in the coming months. I have seen firsthand the profound impact that the program can have on its members – and, perhaps more importantly, that members can have on one another – and am honored to once again play a part.

~James Askin, LMSW

**Dominique A. Paris**

I earned my bachelor’s degree from SUNY Oneonta, majoring in both Psychology and Criminal Justice. My commitment and dedication to helping others motivated me to receive my Master’s in Social Work (MSW) from Adelphi University.

I am looking forward to starting my career as a Medical Social Worker with the Oncology Support Program. I recognize that all of you have unique needs and I look forward to collaborating with you as we navigate the challenges of a cancer diagnosis together. Thank you for trusting and allowing me to be a part of your journey.

Materials: colored pencils, pastels, paint, collage (magazine clippings), clay &/or Sculpey

Lindsay is 7.5 years into remission from Stage 4B Hodgkins Lymphoma. Art has been a lifeline for Lindsay, especially during her treatment and recovery. She was an industry fashion jewelry designer for a decade. Wig Fittings at Cancer Support House
OSP has an inventory of donated wigs (some new and some gently used) that are available free of charge. We are fortunate that Nina Marinova is available to help with wig fittings. Nina has been a licensed hairstylist for over 10 years. “When my mother passed away from breast cancer in February 2022, I wanted to give back in some way to repay all of the support our family received during my mother’s illness. It was a little bit of destiny when I inquired about volunteer opportunities with the Oncology Support Program. OSP needed help organizing its wig inventory and fitting women, experiencing hair loss due to cancer treatments, with wigs. It has been such a healing experience for me to help in this small way.” Nina
